Company profile

C.P. Italia is an Italian company specialized in *Packaging* for cosmetics and perfume industry.

C.P. ITALIA designs and manufactures recipients for the most common cosmetic products such as nail polish, mascara, lip-gloss and creams both in standard or customized shapes.

Customer needs are addressed with a wide range of standard products, with state-of-the art fashion articles and with product customization and personalized productions.

Market trend analysis and team creativity are key factors allowing C.P. ITALIA to design and produce the most high quality and fashionable cosmetics packaging articles.

Company organization

C.P. ITALIA, located in Italy in the Lombardia region, is organized as follows:

- a company head-quarter;
- two plants able to sustain high volumes and quality productions for all articles;
- a ware-house for products logistics and shipping intra-CEE and Extra-CEE.

Company operating division is in charge of commercial development and PDE (Packaging Design Evolution) division his following product design; articles productions are outsourced to partners and supervised by C.P. ITALIA.

Partnerships

- Partnerships established by C.P. ITALIA are able to assure a high qualified and professional technical service to customers.
- Partnership with GMC production industries, has generated a new methodology in molds construction and molding; such know how and modern processes are extensively used in articles productions.
- C.P. ITALIA holds an exclusive patent of an innovative injection molding technic for intensive production of internal injection caps.

Manufactures and Products

Manufactures and finishing for articles in glass and plastic:

- GLASS: frost finish, ceramics serigraphic print, warm-press
- PLASTIC: metallization, classic and UV coating

Plastics components are done using electric hot press, Japan produced, providing high performances and quality.

Articles are produced using proprietary molds; customization available.

Core products are:

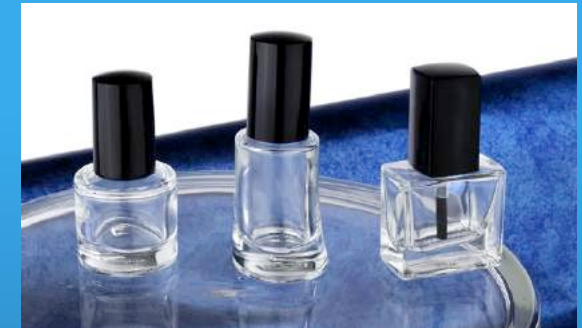

- Packaging NAIL POLISH
- Packaging FOUNDATION CREAMS
- Packaging MASCARA and LIP-GLOSS
